### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

*In the specification, please replace starting on page 1, line 5 with the following rewritten paragraph:*

This application is a divisional of U.S. Patent Application No. 09/976,459 filed October 10, 2001, now U.S. Patent 6,749,614, is a continuation-in-part of United States Patent Application Serial No. 09/943,636, filed on August 29, 2001, now U.S. Patent 6,899,713, which is a continuation-in-part of United States Patent Application Serial No. 09/747,066, filed on December 21, 2000, now U.S. Patent 6,821,277, which claims priority to United States Provisional Patent Application 60/213,385, filed June 23, 2000, entitled "Percutaneous Interbody Fusion Device," the contents of which are incorporated in their entirety into this disclosure by reference."

The following is an examiner's statement of reasons for allowance:

The claims in the instant application have not been rejected using prior art because no references, or reasonable combination thereof, could be found which disclose, or suggest, a prosthetic stabilization system for subcutaneous assembly having a first and second pair of bone anchors, both with portals extending

Art Unit: 3775

therethrough, first and second elongated support structures that extend through the portals of the bone anchors across vertebrae, and an inflatable crossbar extending between the first and second elongated support structures having a deflated insertion configuration and an inflated configuration wherein the crossbar, and support structures held in the bone anchors form a supportive orthopedic fixation structure for supporting at least first and second vertebrae.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
